

DOG OWNERS ALERT!

FROM THE SCHOOL

Would members of the local community please NOT allow their dogs to enter the school grounds and definitely not allow them to poo whilst they are there. We have had several incidences this term of children getting their shoes covered in dog poo whilst playing out at break or lunch time. This is obviously a very serious concern for us as they are being put at risk of contracting toxicariasis which could cause them to go blind.

Perhaps all could look out for loose dogs or people walking their dogs on the school/community land and then contact the school or BCA so that we can deal with the incidents.
